

Environmental Policy

AWP Group designs and manufactures tough and innovative Shelters and Tarps, such as our industry leading DomeShelter™, Strategically focused on the Mining, Oil & Gas, Industrial and Agriculture sectors, to national and international markets. AWP Group is committed to protecting the environment and preventing pollution by choosing environmentally friendly and sustainable options wherever possible.

AWP Group will achieve this by:

- Ensuring senior management and other interested parties are aware of their accountabilities and responsibilities for effective management of the environment throughout the organisation;
- Providing resources to manage implement and control our environmental activities and minimise our environmental footprint;
- Establishing measurable environmental objectives aimed at improving environmental performance;
- Complying with applicable environmental legal and other compliance obligations;
- Monitoring environmental performance and periodically auditing the Environmental Management system;
- Implementing measures necessary to continually improve the environmental management system to enhance environmental performance.

This policy is reviewed periodically and is available to interested parties.
