

Quality Policy

AWP Group designs and manufactures tough and innovative Shelters and Tarps, such as our industry leading DomeShelter™, Strategically focused on the Mining, Oil & Gas, Industrial and Agriculture sectors and across national and international markets.

AWP Group is committed to developing effective client relationships by working closely with our clients to ensure our products and services are the ultimate solution to their needs. AWP Group will achieve this by:

- Ensuring senior management and other interested parties are aware of their accountabilities and responsibilities for effective management of Quality throughout the organisation;
- Establishing measurable Quality objectives and targets aimed at minimising loss, maximising efficiencies and client satisfaction;
- Ensuring all staff are in possession of the necessary tools, materials and documentation to efficiently perform their roles and integrate quality management throughout the workplace.
- Complying with applicable requirements and continually improving the effectiveness of the quality management system;
- Monitoring quality performance and periodically auditing the Quality Management system;
- Implementing measures necessary to continually improve quality performance and the management system.

This policy is reviewed periodically and is available to interested parties.
