

Work Health and Safety Policy

AWP Group designs and manufactures tough and innovative Shelters and Tarps, such as our industry leading DomeShelter™, Strategically focused on the Mining, Oil & Gas, Industrial and Agriculture sectors and across national and international markets.

AWP Group is committed to providing a safe and healthy place to work for all staff, contractors and visitors and will achieve this by:

- Ensuring senior management and other interested parties are aware of their accountabilities and responsibilities for effective management of WHS throughout the organisation;
- Taking steps to prevent or reduce exposure of our staff, contractors and visitors to risks associated with AWP Group activities;
- Establishing measurable WHS objectives and targets aimed at minimising work related injuries and illness;
- Implementing an effective system for hazard identification, incident reporting and investigation;
- Implementing effective rehabilitation measures including monitoring and review of return to work programs for employees who suffer work related injuries and illnesses.
- Complying with relevant WHS legislation and other requirements;
- Communicating and consulting with employees and contractors on factors that may adversely affect their health and safety;
- Monitoring WHS performance and periodically auditing the WHS Management system;
- Implementing measures necessary to continually improve WHS performance and the management system.

This policy is reviewed periodically and is available to interested parties.
